Welcome to the world of Sierra

SIERRA®

(summary)

The world's number one CD-ROM game company is pleased to present its 96-97 Catalogue.

Thousands of hours of dedicated work have been undertaken by a skilled team of enthusiastic producers, designers and programmers to bring you total enjoyment and relaxation, whether alone or with friends, over a network or with your family.

This catalogue features over 50 titles inlcuding all our current great titles together with our up and coming new releases. Rama, Lighthouse, Phantasmagoria II, Red Baron II, Sierra Pro Pilot and NASCAR‹ 2 are just a few of this year's planned releases, all waiting for you!
And for the nostalgia lovers among us, Sierra has brought out a range of classics, entitled SierraOriginals, featuring legends such as Space Quest 6, EarthSiege and Shivers, all at an incredible low price! We've even got something for the creative among you with a special home printing software package called Print Artist, as easy to use as it is fun.

Unforgettable adventures, mind-boggling puzzles, humorous encounters and fast paced action lie in store for you... Whatever your age, interest or gaming level, there's something for everyone!
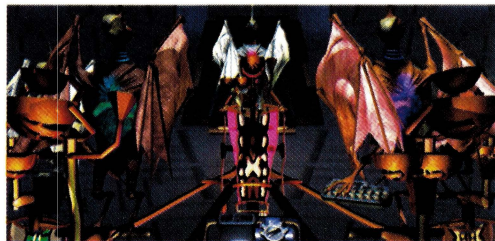

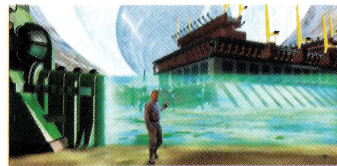

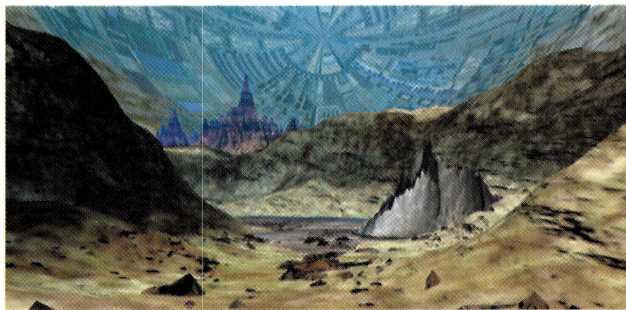

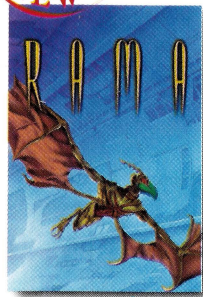

Rama

The sci-fi event of 1996

- Based on the cult "Rama" series - a best-seller with over 7 million copies sold!
- Co-designed by authors: Arthur C. Clarke, master of contemporary sci-fi and Gentry Lee, Chief Engineer at NASA
- Mysterious outer-space worlds to discover with over 3000 superbly rendered 3D screens
- Stunning 3D animations and superlative video sequences

NEW • NEW
Christmas 96
NEW • NEW

It is the dawn of the 24th century and an enigmatic spaceship of mindblowing proportions is discovered on the fringe of the solar system. This vessel, baptised Rama by the people of the Earth, is hurtling straight towards our planet... You are an astronaut on your way to join a carefully recruited team to explore this mysterious spaceship and find out the secret of its origin. As you board, you'll find there's more than 4000 km^2 to be discovered in first person POV. A silent world of fascinating technology, yet several million years old... where anything can happen.

Phantasmagoria II
A Puzzle of Flesh

A story so terrifying it will haunt you long after you've finished it...

- Sequel to the best-seller Phantasmagoria
- A complex and sophisticated psychological horror story
- Fascinating special effects and 3D scenery
- Easy to use, intuitive interface
- Online help to speed up the game

*NEW · NEW · NEW · Winter 96/97 · NEW · NEW*

"...demands a quick brain as well as a strong stomach."
Computer Life

Curtis Craig is a quiet young man. He's been out of mental hospital for one year, when strange, terrifying, inexplicable events start happening all around him. Then the murders begin... and all the evidence points to him. A complex, gripping tale of such psychological terror that it will make you doubt your own sanity and engage you in long, long hours of intense gameplay.
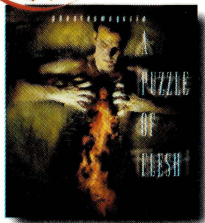

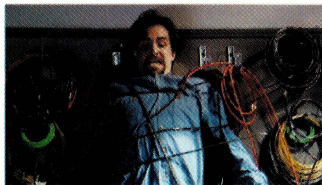

PC CD-ROM (486 DX/66, Win 95, Win 3.1, DOS 5.0, 8 MB RAM).
MAC version to be released in 1997.

Phantasmagoria I

Indulge your taste for horror

- Over 1 million players worldwide already!
- The greatest multimedia suspense thriller, on 7 CDs
- Ultra-realistic 3D rendered world
- Designed by best selling author Roberta Williams

The terrifying story of a woman fighting against the forces of evil... An unparalleled mixture of Hollywood techniques, combining digital sound effects, computer rendered worlds and interactivity. The whole game unfolds in chapters, like a novel, to reveal a frighteningly realistic nightmare, from which you may never awaken.

"...excellent graphics and pacing."
PC Home
*"It earns full marks for entertainment value."*

Lighthouse

Outwit evil in a supernatural mechanical world

- An original plot set in a captivating environment
- Developed using the latest animation tools and "Motion capture" techniques
- Breathtaking 3D animations and scenery
- Over 50 hours of gameplay
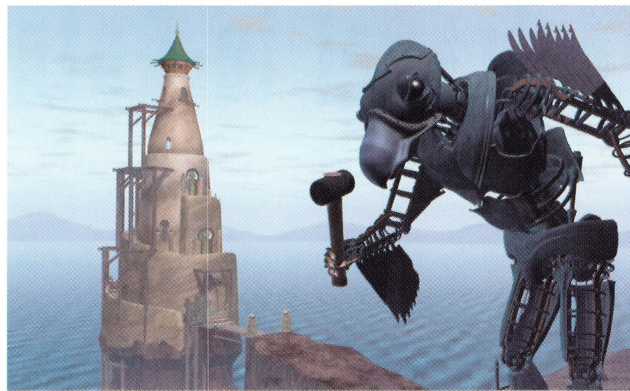

*"...could well be the next graphic adventure blockbuster."*
CD-ROM Games
"This is a class adventure that will appeal to gamers who appreciate a good story, superb graphics and sinister happenings."
PC Power

The unexpected kidnapping of a professor and his baby daughter will lead you into a rich world of fantasy. While searching for Dr. Krick, you witness the kidnapping of baby Amanda, snatched from her cot by a terrifying humanoid who carries her off into another dimension. To unravel the mystery, you will have to cross the frontier into this supernatural world of diabolic inventions and discoveries which is haunted by an evil spirit... But will you be imaginative or brave enough to confront the Unknown?

LIGHTHOUSE
THE DARK BEING

SIERRA
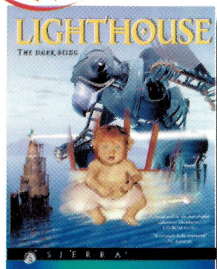

PC CD-ROM (486 DX/66, Win 95, Win 3.1,
DOS 5.0, 8 MB RAM)
MAC version due out in 97.

Betrayal in Antara

Discover a world where magic is reality

- The first role-playing game designed to be enjoyed both by a general audience and by hard core RPG players
- Complex intrigue
- High resolution, stunning graphics
- Unmatched playability
- 3D terrain system with 1st person POV
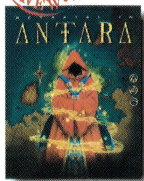

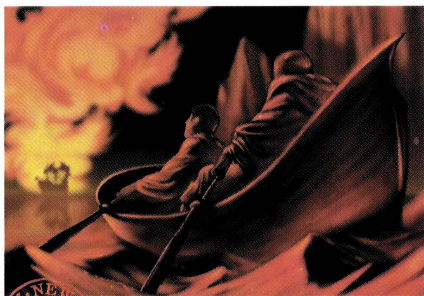

After an anti-magic rebellion, a benevolent king founded the Antaran Empire by secretly gathering magicians to his side. Despite his well-meant intentions, the Emperor is today faced with a decadent, crumbling infrastructure, rife with criminals. Command four main characters and develop their skills as you talk with, help and fight the Empire's inhabitants. An unforgettable journey through Antara's eastern realms as you engage in strategic battles set in a world of intrigue and deceit.
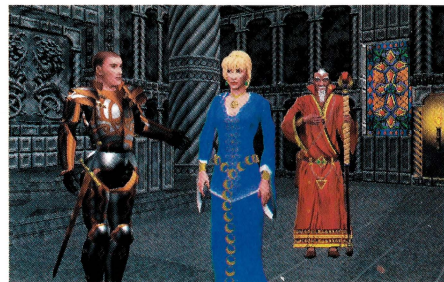

PC CD-ROM (486 DX/66, Win 95, Win 3.1, 8 MB RAM)

Birthright

The official role-playing Dungeons and Dragons game

- Total immersion in a complex 3D world
- Special effects, lighting and scenery innovations
- Multiplayer friendly, up to 8 players on local area networks and 2 players via modem
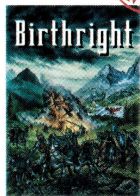

PC CD-ROM (486/100, Win 95, DOS 5.0, 8 MB RAM) and MAC (PowerPC, System 7, 12 MB RAM)

Birthright, the most complete version of the Dungeons and Dragons series, is also the most faithful to its conventions and rules. The game's variety, combining state-of-the-art technology and 3D animations, make it one of the best epic fantasy games ever to challenge your intellect and your imagination. A whole kingdom at your fingertips... make of it what you will!
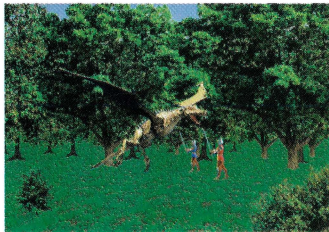

Urban Runner

A breath-taking thriller

- 100% full-screen video thriller, on 4 CDs
- Special cinematographic effects
- 32,000-colour SVGA video
- A plot that Hitchcock himself would be proud of
- Alternating real-time reflex sequences and reflection phases
- Over 4 months shooting with 25 actors to produce more than 20 hours of suspense

"...both lengthy and entertaining."
PC Power

The body of Marcos, a racketeer, is found by a baths attendant. The murder would seem to be linked to a major industrial scandal, which was promptly hushed up by a group of mysterious, influential individuals. During your investigations, you will manipulate objects, observe your environment, find clues, and meet a wide range of uneasy, sensual and appealing characters. *Urban Runner* is a suspense-packed thriller calling for all your cunning and skill as well as a sharp dose of reflexes and speed. The city is yours if you've got the skill and the courage to take it!

PC CD-ROM (486 DX/66, Win 95, Win 3.1, 8 MB RAM)
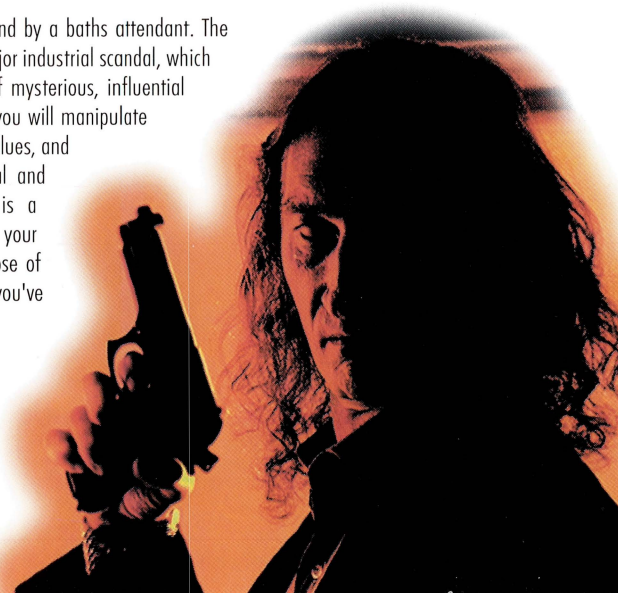

Gabriel Knight II
The Beast Within

Seek out and destroy the ultimate Beast

- A hyper-realistic multimedia production with over 1,000 locations
- Written and directed by award winning designer, Jane Jansen
- Prologue and 6 chapters on 6 CDs
- Original sound-track with a full length opera

This new *Gabriel Knight* mystery plunges the player into a baroque style Germany, hot on the tracks of King Ludwig II of Bavaria and the mysterious "Black Wolf". Gabriel, a descendant of the Shättenjägers (Shadow Hunters), assisted by Grace, is investigating a series of gory murders in Munich that may be the work of werewolves! You will be instantly fascinated by this suspense-ridden thriller.

Best adventure game of the year 95,
Computer Game review.
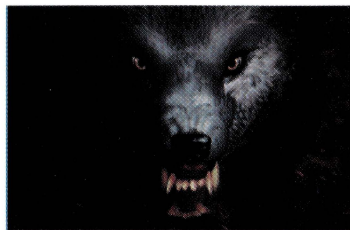

"If all adventure games were this good, we wouldn't need real life any more."
Computer Life

Larry Collection

The complete set of *Leisure Suit Larry* 1 to 6, with casino games, an interview with Larry's creator and a whole host of surprises. A side-splitting collection!

PC CD-ROM (486/33, Win 3.1, DOS 5.0, 4 MB RAM)

Leisure Suit Larry 7

Oh no... He's back again!!?

- The first Larry that puts the player's image on screen!
- The first graphic adventure with "scratch and sniff" puzzles!
- The first game with user-recorded dialogues!
- More cinematic and more interactive

Leisure Suit Larry is the most loveable, laughable and ridiculous loser of all time. Over 3 million players worldwide have enjoyed Larry's frustrated romantic conquests. In this seventh episode of the saga, our hero has booked himself onto the world's corniest cruise ship ever. On board, Larry meets a shipload of beautiful, sexy, intelligent, cool babes... all ready to lead him on a merry dance!

PC CD-ROM (486 DX/66, Win 95, Win 3.1, DOS 5.0, 8 MB RAM)

Torin's Passage

Release the adventurer within you

- All the magic of the best cartoons
- A succession of worlds within worlds, each with its own secrets
- An outstanding soundtrack composed by Michel Legrand
- A "close capture" option to enable you to read and/or hear the dialogue

"It is, simply, a very good game."
*CD-ROM Today*

Torin sets off in pursuit of the witch who's kidnapped his parents. Will he be able to free them from her spell? This detailed and dangerous quest will culminate in his Rite of Passage into adulthood. A magical world full of laughter and suspense, fun for young and old alike.
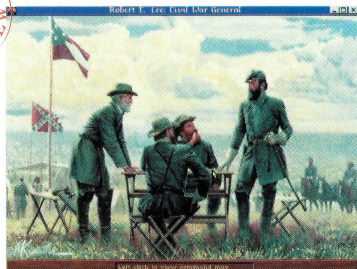

PC CD-ROM (486/25, Win 95, Win 3.1, DOS 5.0, 8 MB RAM)
MAC version to be released at the end of 1996.

Robert E. Lee:
Civil War General

Put on the uniform of a great strategist...

- Superb reconstruction of the American Civil War
- Seven historic battles with over 60 hours of play
- Outstanding SVGA graphics and video battle sequences
- Two player game via modem

The game's intuitive interface and striking realism will take you instantly back to the American Civil War. This great wargame focuses on the two essential factors of any civil war: tactics and troop morale. Imagine commanding 4 types of units: infantry, cavalry, artillery and sentinels. Following in the footsteps of General Robert E. Lee, now it's up to you to take command of the Confederate forces.

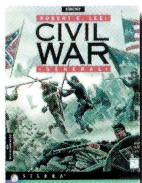

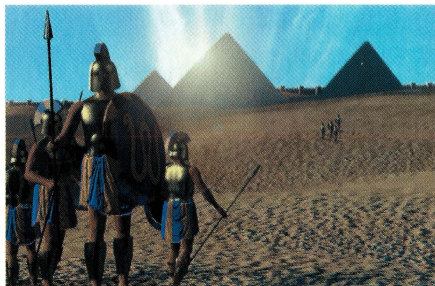

PC CD-ROM (486 DX/66, Win 95, Win 3.1, 8 MB RAM)

# The Rise and Rule
# of Ancient Empires

Leave your footprints
in the sands of time

- A vast epic spanning over 5000 years
- Subtle military, diplomatic and economic tactics...
- Gameplay via modem, online help, novice to experienced levels
- SVGA 3D graphics and animations

You are at the head of one of six great historical empires including Mesopotamia, Egypt, Greece, Rome... - you set out to build up your cities and explore neighbouring countries. You must find the right balance between military dominance and domestic prosperity and, above all, ensure your empire's omnipotence. A superb game of strategy and civilisation taking you back to an ancient fascinating era.

"A nicely polished and absorbing strategy affair that will keep you absorbed for some time."
*PC Home*
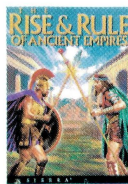

PC CD-ROM (486 SX/33, Win 95, Win 3.1, 8 MB RAM)

Conqueror
AD 1086

Valiant knight! To death!

- A brilliant reconstruction of medieval England
- 1st person POV and 3D graphics
- Real time combat and tactical warfare

You are a medieval knight, fighting to win power and fortune and protect your domain. Hand-to-hand battles, tactical warfare and jousting will require all your presence of mind. Test your courage and skills and see if you are worthy of the throne of England.

"An absorbing, unusual game."
PC Zone

PC CD-ROM (486/DX 33, DOS, 8 MB RAM)

Lords of the Realm II

The kingdom of England awaits you

- Historically accurate artificial intelligence
- 3D real time battles
- Reconstitution of 12th century scenes, tactics and weapons
- Spectacular cinematic sequences and authentic music
- Up to 4 players on network or via modem
- Simple and intuitive interface
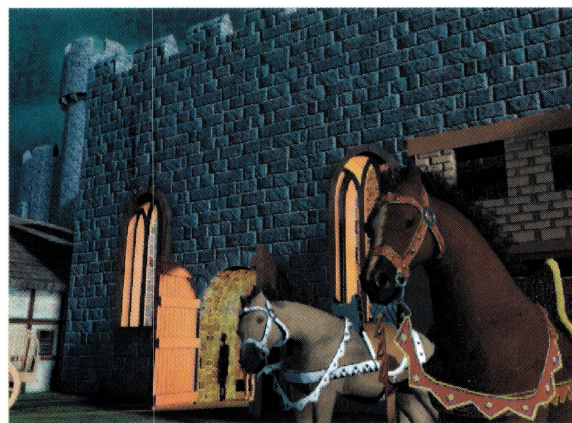

You are the Lord of a feudal county and your ambition is to succeed Edward 1 as King of England. First of all you must strengthen your own county. You will need to anticipate your enemies' attacks and prepare your army to conquer the kingdom. This outstanding medieval simulation will require all your strategic skills. Go back 8 centuries in time, and savour a universe of valiant knights, impregnable castles, the spirit of chivalry and formidable weapons.
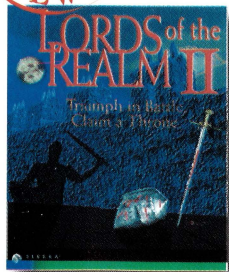

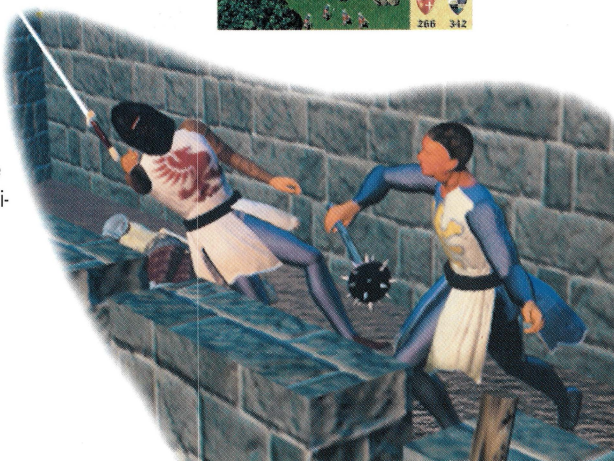

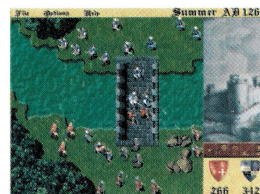

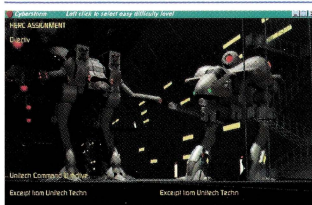

PC CD-ROM (486 SX/66, Win 95 or DOS, 8 MB RAM)

MissionForce: Cyberstorm

Prove your strategic skills and save humanity!

- Scenarios, maps and enemies all controlled by artificial intelligence
- High resolution SVGA 3D graphics
- 3Space™ technology for unique visualisation
- Countless missions and multilevel difficulty
- Multiplayer network play

In command of an army of Bioderms, humanoids created by genetic manipulation to pilot gigantic robot warriors, your mission is to save humanity from the threat of the Cybrids. This futuristic wargame combines strategy and tactics with the control, realism and interactivity of a superb simulation game. Engage in a fascinating, action packed war.

"...it's Cyberstorm's tactical element that could make the finished game much sought after."
PC Gamer

PC CD-ROM (486 DX/66, Win 95, 8 MB RAM)

Caesar II

Build a Roman Empire!

- Real time 3D simulation and magnificent SVGA graphics
- Entire Roman Empire with all its provinces
- Dozens of ready-to-build structures
- Management of natural resource, trade routes...

You're the Governor of a Roman province the capital of which (if you don't mess things up!) could become the Empire's favourite. Choose from dozens of structures - temples, aquaducts, thermal baths - and sit back and watch your city grow and prosper. Will you be able to build the eternal city?
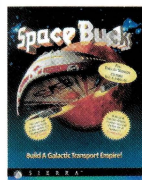

"A well thought out God game that has taken the gaming world by surprise."
PC Gamer

PC CD-ROM (486 DX/66, Win 95, Win 3.1, DOS 5.0, 8 MB RAM) and MAC due out in December 96 (68040, System 7.X, 8 MB RAM)
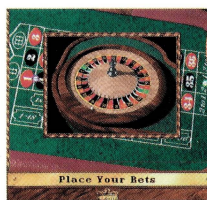

Space Bucks

"A very competent space strategy game."
PC Gamer
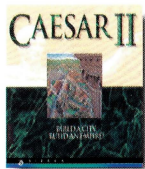

PC CD-ROM (386 DX, Win 95, Win 3.1, DOS 6.0, 4 MB RAM)

You are the manager of an interstellar company in the 22nd century. Your job: the transport of both human and extra-terrestrial passengers to the four corners of the Universe. Your aim: the maximum expansion of your commercial lines. But beware! The business is full of sharks... and then, of course, there are the space pirates!

GAMING

Casino Deluxe 2

Enjoy the thrill and the glamour of a luxury casino without the travel and expense. Become a high-roller or just play for fun. Practice your strategies and skills against the toughest of competitors - the computer!

Hoyle 5.0

Gather around the card table for one of the ten greatest card games there is. A complete compendium of all your favourite games, plus the reality and special effects that only multimedia can bring to the table.
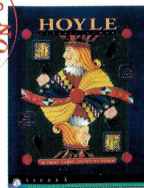

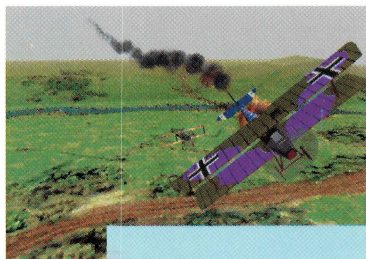

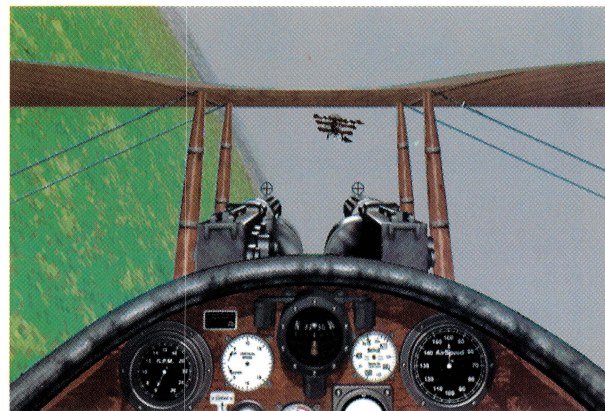

MAC version

Red Baron II

Become a hero of the skies in WW1

- Terrifying realism of terrains and planes with 3Space™ technology
- Artificial intelligence and new dynamic mission generator
- Authentic reconstitution of the life of a squadron
- 35 true-to-life, model 1914-18 planes
- Over 12 types of missions in 4 armies

WW1 : throughout Europe, men everywhere are bravely signing up, eager to write some of the most glorious pages in the history of military aviation. You are one of those men, but are you brave enough to merit the glorious title of Ace of Aces, like the illustrious Red Baron, and win the respect of your enemies? Before you can command your country's elite squadron, you must successfully carry out your numerous missions: attack the infantry, destroy an aerodrome, escort a bomber, attack a Zeppelin, and challenge an Ace in single combat.

Command: Aces of the Deep

Relive the epic Second World War submarine adventure and command your crew directly, thanks to IBM speed recognition technology.

PC CD-ROM (486 SX/33, Win 95, 8 MB RAM)

Silent Thunder
A10 Tank Killer II

Let the lightning bolts fly!

- Hyper-realistic landscapes and reliefs, high resolution SVGA 3D graphics
- Startling pyrotechnics effects and explosions
- CD quality super rock music
- 24 missions in the Middle East, Columbia and Korea
- 10 types of modelled planes and a wide range of tanks, helicopters and SAM launchers...

At the commands of the world's most indestructible combat plane, the A10, you dive silently downwards. The local warlords will have bitten off more than they bargained for as you release the full force of your powerful weapons on them. The whole world is depending on you! Without your courage and lightning reflexes, world peace could become nothing but a distant memory...
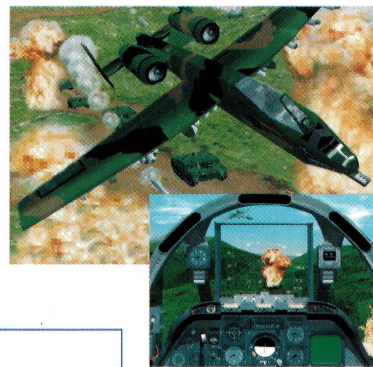

"Accessible, slick and hugely enjoyable."
Computer Life

*"Neat and easy-to-use, Print Artist is a DTP package
that has it all. Recommended." PC Review
"It's clearly the leader in its market." PC Guide*

The first title in a new software collection designed to make printing easy, *Print Artist* is a comprehensive personal printing package that will be just as useful at home as it is at work. All owners of printers are going to love *Print Artist*'s extensive range of applications covering all your printing needs, from the most basic (letter heads, invitations, posters...) to the most advanced (an exclusive collection of cut-out crafts that your kids will adore). Easy to use, powerful and compatible with all types of printers, you'll wonder how you ever lived without it.
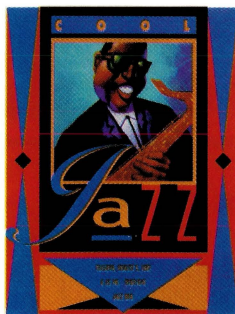

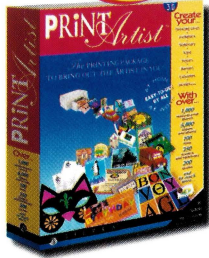

PC CD-ROM (486 SX/25, Win 95, Win 3.1, 8 MB RAM), all types of printer,
MAC version for Print Artist 4.0 to be released (Christmas 96)
